Glued into ledger this handwritten memorial:

Whereas, God our Devine Master in his infinite and unbounded wisdom has called from us our beloved brother Nicholas Miller: and we feel Cassadaga Grange No. 659 has lost of its most progressive farmers; his farm always showed industry and study: it was to know Brother Miller personally to realize his knowledge of agriculture and many of its true methods: his carefull study of the soil and the plant food in different kinds of soil: and the proper cultivation of the soil to make and prepare a proper seed bed for the different kinds of products grown on the farm and many of his saying will be remembered by those interested along the lines of farming: but remember we must all needs die: and as water spilt upon the ground: can never be gathered up again and that the high and low rich and poor meet on this common level: all must submit to the dominion of death

Resolved our heartfelt sympathy be extended to the bereaved family also a copy of the memorial.
