

## PRIMARY BENEFITS OF MAT

- Provides relief from withdrawal and drug cravings so that life changes needed for recovery can take place.
- Can avoid painful detox.
- Minimizes the effects of further opioid use.
- Improves the well-being and social functioning of those with substance use disorders.
- Helps heal broken relationships in the family and community.
- For every \$1 spent on addiction treatment, \$4 to \$7 are saved in crime-related costs. (NIDA, 2016)
- Reduces daily overdose deaths.
- Improves employment rates and productivity.
- Reduces risk of spreading HIV/AIDS, Hepatitis and other infections.
- Those who seek addiction treatment are more likely to continue treatment for additional problems such as mental health.

George M. Borrello, *Chautauqua County Executive*

# MEDICATION FOR ASSISTED TREATMENT (MAT)

## OPIOID ADDICTION

Opioids are a class of drugs used to reduce pain. For many people, they are highly addictive. Opioid addiction includes addiction to prescription opiate painkillers as well as heroin. Opioids are becoming much more potent, leading to steady increases in overdose deaths. This addiction is seen everywhere, across all walks of life.

### Opioid Abuse Resulted in:

31 deaths in Chautauqua County in 2017

35% lived in Jamestown

52% lived in rural Chautauqua County

55% were ages 20-39

## OPIOID ADDICTION IS TREATABLE!

Medication for Assisted Treatment (MAT) is one of the most effective options available to those seeking help for an Opioid Use Disorder. Combined with counseling and behavioral therapy, it can be very effective at helping achieve and maintain recovery.

### MAT Medication Options:

- Buprenorphine (Subutex)
- Buprenorphine + Naloxone (Suboxone)
- Sublocade(buprenorphine extended release)
- Methadone
- Naltrexone (Vivitrol)

If someone you know is in need of help, reach out to them. Your support can improve their recovery process.

## WHERE TO ACCESS MAT

*Doctors, nurse practitioners, and physician assistants can take a special training to obtain a waiver to prescribe buprenorphine. Contact one of these local MAT providers for more information.*
