# DRAFT FOR MARCH LEGISLATIVE COMMITTEE REVIEW

Ms. Katherine K. Tampio Clerk of the Chautauqua County Legislature 3 North Erie Street, GOB Mayville, New York 14757

### Re: Amendment to Chautauqua County Administrative Code

Dear Ms. Tampio:

Set forth below is a new Section 2.09 of the Chautauqua County Administrative Code that I am promulgating pursuant to Section 3.02(b) of the Chautauqua County Charter, which will take effect thirty (30) days after receipt of this letter by the County Legislature, unless rejected by a 2/3rds majority of the County Legislature. In addition, I am promulgating under the same Charter timeframe an amended Article 6 of the Chautauqua County Administrative Code, as also set forth below:

### [NEW] Section 2.09 Deputy County Executive for Economic Development

There may be a Deputy County Executive for Economic Development who serves as a member of the County Executive's Cabinet, oversees the Department of Planning and Development, coordinates economic development efforts with economic entities across the County, consults with and advises the County Executive on policies and decisions relative to all facets of the County's economy, including, but not limited to, agriculture, tourism, and industry, and performs such other duties as set forth in Article 6 of this Code and as delegated by the County Executive. The Deputy County Executive for Economic Development shall be appointed by the County Executive and shall serve at his or her pleasure, and may also serve as the chief administrative officer of the County of Chautauqua Industrial Development Agency and shall have all the powers and duties prescribed for such an officer by Article 18A of the General Municipal Law.

### [AMENDED BY SUBSTITUTION]

# Article 6 PLANNING AND DEVELOPMENT

(f) Coordinate all business retention, expansion and attraction efforts throughout and on behalf of the County by working with local, County, and State stakeholders to facilitate private investment, the retention and expansion of jobs, and improvement of the quality of life in Chautauqua County;

(g) Purchase, upgrade, and maintain parcels and sites that possess the infrastructure and amenities coveted by businesses for current and future development needs;

(h) Work with utility providers to ensure the appropriate utility infrastructure needs are being met for community and economic development projects;

(i) Work with the appropriate entities to help foster business startups and growth; and

(j) Perform such other duties and tasks as shall be required or delegated by the County Executive.

### Section 6.04 County of Chautauqua Industrial Development Agency

In accordance with Resolution 122-72, there shall be a County of Chautauqua Industrial Development Agency. It shall function as prescribed by this law and Sections 856 and 895-h of the New York State Industrial Development Agency Act, and its membership shall consist of not fewer than three (3) nor more than nine (9) members as follows: the chairman of the Chautauqua Legislature committee that has primary responsibility for dealing with the economic welfare of the County, who shall serve as an ex-officio member with full voting powers; one member appointed by the County Legislature, subject to the County Executive's approval or veto and County legislative reconsideration, as provided in the Chautauqua County Charter; and up to seven (7) members appointed by the County Executive, subject to confirmation by the County Legislature.

In addition to the powers defined in the New York State Act, its principal purpose shall be to borrow money and issue bonds to underwrite undertakings fostered by the Division of Economic Development, the Industrial Development Agency, the County, or other advisory bodies assigned for such a purpose. It shall have all the powers and duties of a County Industrial Development Agency, heretofore or hereafter lawfully granted or imposed by the County Charter, this Code, local law, ordinance or resolution of the Legislature, order or direction of the County Executive, or by an applicable provision of any act of the State Legislature not inconsistent with the County Charter or this Code.

#### Section 6.05 Division of Planning & Community Development

There may be a Division of Planning & Community Development, and it shallhave a Director that shall be appointed by the County Executive and shall serve at his or her pleasure. The Director shall have the power to appoint such deputies, assistants and employees of the Division as may be necessary to implement the duties of the office, which shall be authorized by the County Executive.

#### Section 6.06 Powers and Duties

The activities of the Division of Planning & Community Development may include some or all of the following:

 (a) Conduct research into business and economic conditions in the County and the municipal subdivisions thereof, and seek to cooperate with official and unofficial bodies organized for such purpose;

(b) Collect and distribute information relative to regional and community planning and zoning in Chautauqua County;

(c) Coordinate the County's planning and community development efforts so they are directed in a unified manner;

(d) Make recommendations concerning special permits, variances, or adoption or amendment of zoning regulations, upon referral from municipalities pursuant to Section 239-m of the General Municipal Law;

(e) Assist the County Executive in executive planning, including planning for the capital budget and capital improvement program and the preparation of all County plans, and coordinate the production and procurement of all planning reports by County agencies.

(f) Maintain strong relationships with municipalities, promoting inter-municipal cooperation and partnerships, and make available to cities, towns, and villages in Chautauqua County, at their request, advice and assistance on matters relating to planning functions;

(g) Coordinate watershed-related activities across Chautauqua County to preserve and improve water quality, recreational value, economic vitality, and the local environment;

(h) Conduct surveys, analyses, and reports as requested by the County Executive, and assist other County Departments and agencies in their long-range planning efforts;

(i) Perform research concerning County programs with a view to obtaining financial and technical assistance available through local, state, federal, and other sources;

(j) Prepare and periodically update, in consultation with the County Planning Board, a comprehensive master plan for Chautauqua County, which may include: highways; parks/parkways; waterbodies; and potential sites for public buildings, sub-service facilities, and development sites which the County owns or may wish to acquire. Such plans may be submitted to the County Legislature in the manner provided by Section 239-d(2) of the General Municipal Law;

(k) Provide staff assistance for the Planning Board, Environmental Management Council, Farmland Protection Board, and periodically for the Division of Economic Development as needed; and

(I) Perform such other duties and tasks as shall be required or delegated to such Director by the Deputy County Executive for Economic Development and the County Executive.

Section 6.07 Planning Board

There shall be a Planning Board composed of eleven (11) members, each serving a term of three (3) years. The Director of Public Facilities and the Director of Finance shall serve as ex-officio, non-voting members of the Planning Board.

The members of such Board shall receive no salary or compensation for their services as members of such Board, but shall, within the appropriations provided therefore, be entitled to reimbursement for the actual and necessary expenses incurred in performing the duties of their office.

The Planning Board shall have all the powers and authority established by Section 239-d of the General Municipal Law. The Director of the Division of Planning & Community Development shall advise and guide the Board in its operations, and shall act as its agent in performing planning functions.

#### Section 6.08 Environmental Management Council

There may be an Environmental Management Council comprised of nine (9) citizen members appointed by the County Executive subject to confirmation by the County Legislature. The Environmental Management Council shall be staffed by the Division of Planning & Community Development and shall have the following powers and duties:

1. The Council may advise the County Executive, the Legislature, and the appropriate agencies on all matters affecting the preservation, conservation, and ecologically suitable use of the natural and man-made resources of the County.

2. The Council may be responsible for ensuring that the various County departments and agencies are responsible for environmental matters, and that they coordinate their activities and resources.

3. The Council may review the state of the County environment as a whole, and may prepare and submit an annual report of its findings and recommendations to the County Legislature and County Executive. This report also shall include an account of the Council's activities and accomplishments which shall be based on accurate records of its meetings and other works. Said report may be submitted no later than February 1<sup>st</sup> of each year.

4. The Council, in cooperation with the Department of Planning and Development and other appropriate departments and agencies, may prepare and revise a plan for the protection of the County's Environment and the management of its natural and man-made resources, and may transmit it to the County Legislature and the County Executive at regular intervals as necessary, but not greater than three (3) years. In addition, the Council may obtain from the New York State Department of Environmental Conservation a copy of the state environmental plan. To the extent practicable, the preparation, content and subsequent revisions, if any, of the County environmental plan shall be coordinated with the State environmental plan and a copy of said County plan and any subsequent revisions shall be filed with the State Commissioner of Environmental Conservation.

5. The Council may investigate and recommend to the County Executive and the County Legislature ecologically sound methods of planning and the use of the County's departments and activities.

6. The Council may keep an index of all open areas within the County, with the plan of obtaining information pertinent to sound ecological utilization of such areas, including land owned by a municipality within the County. It may keep an index of all open marshlands, swamps, and all other wetlands in a like manner, and may recommend a program for their ecologically suitable utilization.

7. The Council may develop and maintain an inventory of natural and man-made resources within the County and such other environmental information as may be appropriate. Said inventory may include wetlands and open spaces and may include, but not be limited to, factors relating to geology, soils, slope, water resources, vegetation, wildlife habitat, unique natural areas, and scenic, historic and archaeological significant sites.

8. The Council may cooperate with and assist such other governmental or nongovernmental boards or organizations in the preparation of plans or reports or the review of proposals or applications as the County may direct.

9. The Council may also conduct research into the land area of the County and may seek to coordinate the activities of unofficial bodies organized for similar purposes. It may advertise, prepare, print and distribute books, maps, charts and pamphlets, if in its judgement it deems them necessary for its work, to the extent funds have been appropriated for such purposes by the County Legislature.

10. When authorized by resolution of the County Legislature, the Council may accept by gift, grant, bequest or otherwise, money or other personal property in the name of the County for use in the furtherance of the provisions of this article.

11. The Council may act as an advocate for the County, when appropriate and when authorized by the County Legislature, in all areas having a bearing on the County and environmental quality.

12. The Council may develop and, after receiving general approval by resolution of the County Legislature, conduct a program of public information in the County which shall be designed to foster increased understanding of the nature of environmental problems and issues and support for their solutions.

13. The Council may encourage the establishment of commissions for conservation of the environment in cities, towns, and villages within the County, may advise and assist them in developing their own programs, and may foster an effective interchange between the Council and such agencies.

14. The members of the Council, including ex-officio members, shall receive no compensation for their services as members thereof, but may be reimbursed for reasonable and necessary expenses incurred in the performance of their duties within appropriations made available by the County Legislature.

Sincerely,

George M. Borrello Chautauqua County Executive

### LOCAL LAW INTRODUCTORY NO. 2-18 CHAUTAUQUA COUNTY

## A LOCAL LAW AMENDING LOCAL LAW 7-90 PROVIDING FOR A MANAGEMENT SALARY PLAN FOR COUNTY OFFICERS AND EMPLOYEES (RE: DEPUTY COUNTY EXECUTIVE FOR ECONOMIC DEVELOPMENT and DIRECTOR OF PLANNING AND COMMUNITY DEVELOPMENT)

BE IT ENACTED, by the County Legislature of the County of Chautauqua, New York, as follows:

Section 1. Purpose.

In conjunction with contemporaneous amendments to the Chautauqua County Administrative Code, the purpose of this Local Law is to establish the new titles of "Deputy County Executive for Economic Development" and "Director of Planning and Community Development."

It is appropriate that County government have an economic development management title at the level of Deputy County Executive to oversee all of County government's efforts to enhance the economy of Chautauqua County, as the work of almost all County departments impacts the County's economic health. The Deputy County Executive for Economic Development shall also serve as chief administrative officer of the County of Chautauqua Industrial Development Agency.

The Director of Planning and Community Development will lead the Division of Planning and Community Development within the newly-created Department of Planning and Development, and will primarily focus on planning and community development activities to position Chautauqua County now and in the future as an ideal place to live, work, conduct business, and recreate.

Section 2. <u>Salary Levels.</u>

The titles of Deputy County Executive for Economic Development and Director of Planning and Community Development shall be placed in Range 10 (\$66,277 to \$101,807) of the 2018 Management Salary Plan.

Section 3. <u>Effective Date.</u>

This Local Law shall become effective upon filing with the Secretary of State.

### LOCAL LAW INTRODUCTORY NUMBER <u>3-18</u> CHAUTAUQUA COUNTY

### A LOCAL LAW AMENDING THE CHAUTAUQUA COUNTY CHARTER

BE IT ENACTED, by the County Legislature of the County of Chautauqua, New York, as follows:

Section I. <u>Amendment to County Charter</u>.

A. Section 3.02(b)(i) of the Chautauqua County Charter regarding the County Executive's duty to promulgate an Administrative Code is hereby amended to read as follows:

(b) Promulgate an administrative code for the administration, organization, and implementation of all functions of County government, except those excluded in Section 3.02(a) above, to include:

(i) the details of the organizational structure of the executive branch of County government, to be grouped into four general areas:

- (1) Administrative Services;
- (2) Human Services;
- (3) Planning and Economic Development; and
- (4) Public Facilities.

Section II. Effective Date

This Local Law shall take effect upon filing with the Secretary of State.

### CHAUTAUQUA COUNTY RESOLUTION NO. \_\_\_\_

**TITLE:**Requesting CCIDA To Approve No Further PILOT Agreements for Wind Energy<br/>Projects Larger Than 25 Megawatts Rated Capacity

**BY:** Planning & Economic Development and Audit & Control Committees:

**AT THE REQUEST OF:** County Executive George M. Borrello and County Legislators Robert Scudder and Charles Nazzaro:

WHEREAS, pursuant to Local Law 8-07 of the County of Chautauqua, the County "opted out" of the tax exemption otherwise granted by New York Real Property Tax Law ("RPTL") Section 487 for certain solar or wind energy systems or farm waste energy systems, and such systems are therefore taxable within Chautauqua County absent a payment in lieu of tax ("PILOT") agreement; and

WHEREAS, the County of Chautauqua Industrial Development Agency ("CCIDA") accepts applications for PILOT agreements pertaining to both small and large energy projects that are taxable as a result of the County opting out of the RPTL Section 487 tax exemption; and

WHEREAS, it has been demonstrated that the environmental, economic, and community impacts of large wind energy projects of 25 Megawatts (MW) or more can be significant and might well have a net negative effect on the County depending on the location of the proposed project; and

WHEREAS, providing a tax abatement subsidy through PILOT agreements to encourage the siting of large wind energy projects may not be appropriate given the potential negative impacts of large wind energy projects; therefore be it

RESOLVED, That the County of Chautauqua requests CCIDA to approve no further PILOT agreements of any kind for large wind energy projects with a rated capacity of 25 MW or greater; and be it further

RESOLVED, That the Clerk of the County Legislature is directed to send a copy of this resolution to the chair of CCIDA.

**TITLE:** Approving SEQR Findings for Trail Easement Acquisition for the Barcelona to Chautauqua Institution Multiuse Trail

**BY:** Planning & Economic Development:

AT THE REQUEST OF: County Executive George M. Borrello:

WHEREAS, pursuant to 6 NYCRR Part 617 of the implementing regulations pertaining to Article 8 of the State Environmental Quality Review Act ("SEQR") of the Environmental Conservation Law, the County Legislature, as the declared lead agency, must evaluate the environmental impact of acquisition of easements along the Barcelona to Chautauqua Institution ("B2CI") Multiuse Trail in the Towns of Westfield and Chautauqua and the Village of Mayville; and

WHEREAS, the County Department of Planning and Economic Development has prepared an Environmental Assessment Form ("EAF") for consideration by the County Legislature that considers the acquisition of easements for the B2CI trail; and

WHEREAS, the proposed action involves the consideration of future trail easement acquisitions under 100 acres; and

WHEREAS, the proposed action does not involve the consideration of future improvements and construction to the proposed trail; and

WHEREAS, future improvements and construction of the proposed trail when identified and designed will be considered in a subsequent environmental assessment process that will be conducted when funding is appropriated for construction; and

WHEREAS, the proposed action is not listed under 6 NYCRR 617.4 (Type I actions) or 6 NYCRR 617.5 (Type II actions), and is therefore an Unlisted action; therefore be it

RESOLVED, That the Chautauqua County Legislature, based upon its thorough review of the EAF, Parts I and 2, and any and all other documents prepared and submitted with respect to this proposed action and its environmental review; its thorough review of the potential relevant areas of environmental concern to determine if the proposed action may have a significant adverse impact on the environment, including the criteria identified in 6 NYCRR §617.7(c); and its completion of the EAF, Part 3, including the reasons noted thereon, hereby finds in accordance with Article 8 of the New York State Environmental Conservation Law that

- 1) the requirements of 6 NYCRR Part 617 have been met; and
- 2) implementation of the proposed action will not result in any significant adverse environmental impacts; and be it further

RESOLVED, That the Chautauqua County Legislature accordingly does issue a "Negative Declaration" and determines that an Environmental Impact Statement will not be required.

**Disclaimer:** The EAF Mapper is a screening tool intended to assist project sponsors and reviewing agencies in preparing an environmental assessment form (EAF). Not all questions asked in the EAF are answered by the EAF Mapper. Additional information on any EAF question can be obtained by consulting the EAF Workbooks. Although the EAF Mapper provides the most up-to-date digital data available to DEC, you may also need to contact local or other data sources in order to obtain data not provided by the Mapper. Digital data is not a substitute for agency determinations.

# Full Environmental Assessment FormPart 2 - Identification of Potential Project Impacts

Project : Date :

**Part 2 is to be completed by the lead agency.** Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

### **Tips for completing Part 2:**

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

### 1. Impact on Land

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d		
b. The proposed action may involve construction on slopes of 15% or greater.	E2f		
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a		
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a		
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e		
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q		
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	Bli		
h. Other impacts:			

The proposed action may result in the modification or destruction of, or inhib access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) <i>If "Yes", answer questions a - c. If "No", move on to Section 3.</i>	□ NO		YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h		
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b		
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a		
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h		
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h		
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c		
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d		
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e		
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h		
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h		
k. The proposed action may require the construction of new, or expansion of existing,	D1a, D2d

## Full Environmental Assessment Form Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

### **Reasons Supporting This Determination:**

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Determination of Significance - Type 1 and Unlisted Actions				
SEQR Status:	□ Type 1	□ Unlisted		
Identify portions of EAF	completed for this Project:	□ Part 1	□ Part 2	Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the

as lead agency that:

 $\Box$  A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

 $\square$  B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.d).

 $\Box$  C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

# CHAUTAUQUA COUNTY RESOLUTION NO.

**TITLE:** Authorize County Executive to Enter into Amended Municipal Agreement with the Energy Improvement Corporation ("EIC") for Sustainable Energy Loan Program of Chautauqua County

**BY:** Planning and Economic Development Committee:

### AT THE REQUEST OF: County Executive George M. Borrello and Legislator Mark Odell:

WHEREAS, pursuant to Local Law 7-17 and Resolution 240-17, the County established a Sustainable Energy Loan Program whereby the Energy Improvement Corporation ("EIC"), acting on the County's behalf, may provide funds to qualified property owners; and

WHEREAS, the New York State Legislature recently amended the municipal sustainable energy loan program, and the County has adopted Local Law 1-18 to amend its Sustainable Energy Loan Program in conformance with the State Legislature's changes; and

WHEREAS, the County must enter into an amended municipal agreement with EIC in order to implement the amended Sustainable Energy Loan Program pursuant to Local Law 1-18; therefore be it

RESOLVED, That the County Executive is hereby authorized and empowered to enter into any and all agreements with the Energy Improvement Corporation, and its successors, to implement and amend, as necessary, a Sustainable Energy Loan Program in Chautauqua County.
