 - *number of persons in Chautauqua County hospitals diagnosed with COVID-19, regardless of residency
- To date:
 - 138 recovered cases;
 - 8 deaths;
 - 191 total confirmed cases; and
 - 18,515 negative test results.

“We have received notification that a resident of Chautauqua County has died from ongoing complications of COVID-19 in an out of state facility,” said Christine Schuyler, Director of the Chautauqua County Department of Health and Human Services. “Because this elderly gentleman had been discharged to a lower level of care facility, his case was listed as recovered. We are greatly saddened to hear of his passing and our condolences go out to his loved ones. This is a stark reminder that while some may have no symptoms or minimal illness, others can become gravely ill and can succumb to its complications. Please be mindful of this as we continue to learn how to live during this pandemic. Wash your hands, cover your face, and respect 6 feet of space.”
