

The Chautauqua County Health Department (CCHD) compiled this list of New York State professionally licensed engineering firms *for informative purposes only*; this list is not a recommendation. CCHD encourages property owners to contact multiple engineers to compare estimates for system designs/corrections.

A P.E. may be required to design a Public Water Supply system, Onsite Wastewater Treatment System, Campground, Swimming Pool, etc. Contact CCHD – Environmental Health Division with questions at (716)753-4481.
