After the conclusion of the public hearing, the Legislature will meet to consider the tentative budget. The Legislature may add, strike, increase or decrease the tentative budget, excepting appropriations required by law or for debt service. Further, revenues based on reimbursement for expenditures must be adjusted in proportion to any changes in the appropriations budget for those expenditures. Any changes made by the Legislature must be stated separately and distinctly. The meeting to consider the tentative budget may be adjourned from day to day, but may not last past six (6) calendar days following the public hearing, to take legislative action.

If the budget, as submitted by the County Executive, is passed by resolution of the Legislature with no changes, such budget shall be deemed to have been conditionally adopted without any further action by the County Executive. If, however, the budget, as passed by the Legislature, contains any changes, the same shall be presented by the Clerk of the Legislature to the County Executive on the seventh (7th) calendar day following the public hearing, for examination and consideration. If the County Executive approves all the changes, then the County Executive shall affix the County Executive's signature to a statement thereof and return the budget, together with such statement to the Clerk of the Legislature and the budget, including the changes as part thereof, shall be deemed conditionally adopted.

If a budget with the changes is not returned by the County Executive to the Clerk of the Legislature within ten (10) calendar days of receipt, the budget with changes shall be deemed conditionally adopted.

If the County Executive objects to any one or more of such changed items, the County Executive shall append to the budget a statement of the changed items to which the County Executive objects setting forth the reasons therefore and shall not later than the 10th calendar day following receipt, return the

budget with the County Executive's objections to the Clerk of the Legislature who shall present the same to the Legislature at a meeting to be held not later than one (1) week thereafter. The Legislature shall thereupon enter the objections upon its journal and proceed to reconsider the changes to which objection is made by the County Executive. The changes objected to by the County Executive shall be reconsidered and voted upon. If upon such reconsideration, two-thirds (2/3) of all members of the Legislature vote to approve such objected to changes, or any of them, the budget with the objected to changes so approved, together with any changes not so objected to by the County Executive, shall be deemed conditionally adopted. If the Legislature fails to act on or override such objections by a two-thirds (2/3) vote of all members of the Legislature, the budget shall be deemed conditionally adopted without the changes objected to by the County Executive.

On the day of conditional adoption of the budget, it shall be submitted to the OMB Director who shall make any corrections as may be required due to any typographical, mathematical or technical errors. The OMB Director shall thereafter return the corrected budget to the County Legislature, which shall consider any correction made on or before December 1st. If said corrections cause a change of less than \$25,000.00 in the Real Property Tax Levy after application of County and Town shares of the County Sales Tax, the Budget, as corrected pursuant to this paragraph, shall be the adopted budget for the ensuing fiscal year.

If the alterations of the Budget Director cause a change of \$25,000.00 or more in the Real Property Tax Levy after application of County and Town share of the County Sales Tax, the Budget as corrected, pursuant to this paragraph shall be resubmitted to the Legislature not later than December 1st. The Legislature may vote to adjust the Real Property Tax Levy or to adjust the Contingency Fund to compensate for said alteration termed necessary by the OMB Director. The Budget as amended by said vote shall be the adopted budget for the ensuing year.

Upon adoption of the Budget, the Legislature shall adopt resolutions appropriating the money therefore and authorizing the levy of taxes. In the event the Legislature fails to finally adopt a budget for the ensuing fiscal year on or before December 1st, the tentative budget shall constitute the budget for such ensuing fiscal year. The appropriation resolution and the resolution authorizing the levy of taxes shall be deemed to have been passed by the Legislature as of such date.

Six (6) copies of the budget, as adopted, shall be certified by the County Executive and by the Clerk of the Legislature and one (1) each of such copies shall be filed in the office of the County Executive, the offices of the Comptroller, the Director of Finance and the Clerk of the Legislature and two (2) of such copies shall be filed in the OMB Director's office. The budget as so certified shall be printed or otherwise reproduced and copies shall be made available.

Section 7.08 Levy of Taxes

The net county tax requirement, determined by subtracting the total estimated revenues from the total proposed expenditures as set forth in the adopted budget, shall be levied in advance on or before December 31st immediately following, by the Legislature on the taxable real property of the several tax districts of the County. Further, the Legislature shall levy as a tax on all taxpayers estimated amounts for uncollected taxes and deferred tax revenue sufficient to produce in cash from the collection of taxes and other revenues during the year moneys required to meet the estimated expenditures for the year. Further, the Legislature shall as required by law, relevy certain taxes on the delinquent taxpayer.

The amount of all taxes, special ad valorem levies and special assessments levied upon any parcel of real property by the Legislature shall, except as otherwise expressly provided by law, be and become a lien thereon as of the first day of January of the fiscal year for which levied and shall remain a lien until paid.

Section 7.09 Appropriations and Transfers after Budget Adoption

(a) If at any time during the fiscal year it appears that the revenues available will be insufficient to meet the amounts appropriated, the County Executive shall report to the Legislature without delay the estimated amount of the deficit, remedial action taken by the County Executive, and recommendations as to further action. The Legislature may take such action as it deems necessary to prevent or minimize any deficit. For that purpose it may by resolution reduce one (1) or more appropriations; but no appropriation for debt service may be reduced and no appropriation may be reduced by more than the unencumbered balance thereof or below any amount required by law to be appropriated. The board may also, if it desires, borrow temporarily pursuant to the local finance law in an amount not greater than such deficit for such purpose.

(b) The County Executive shall have the power to determine the portions of program appropriations expended for personnel, equipment or contractual purposes but the County Executive may not transfer funds between program appropriations budgets.

(c) The County Executive shall have the power to transfer within program appropriation budgets, including staffing, internal organization and reorganization, as necessary to carry out, achieve and accomplish the goals set by the County Legislature,

Section 7.10 Budget Controls

No county officer, employee, department or program administrator shall during a fiscal year, expend or contract to expend any money or incur any liability, or enter into any contract, which by its terms, involves the expenditure of money for any of the purposes for which provision is made in the budget in excess of the amounts appropriated for such fiscal year or for any other purpose except as otherwise provided in this Code, the Charter or the local finance law. The unexpended balance of each appropriation, less the commitments outstanding at the close of such fiscal year for which it was made, shall lapse at the close of such fiscal year and shall be deemed as revenue for the purpose of preparing, during the following fiscal year, the tentative budget for the ensuing fiscal year. No assignment of a requisition number or a request by letter or other means to the Director of Finance or any other county officer from any administrative unit for the purpose of holding over after the close of such fiscal year any unencumbered balance, or part thereof, of any appropriation shall be construed to be a commitment or the encumbering of any such appropriation. Nothing herein contained shall be construed to require the lapsing of appropriations which may or are required to be made for an indefinite period or which include state refunds, allocations or grants applicable to said appropriations pursuant to any other provision of law; and provided further that nothing herein shall be construed to prevent the making of appropriations or contracts for the construction of permanent public improvements or works not to be completed during the fiscal year, or the acquisition of property therefore, or the establishment of bond or capital accounts, sinking funds or reserve funds, and each such appropriation, account or fund shall continue in force until the purpose for which it was made shall have been accomplished or shall have been abandoned by majority vote of the Legislature. Any contract, verbal or written, made in violation of this section shall be null and void.
