This list was compiled for informative purposes only and should not be interpreted as a list of recommended or required contractors.

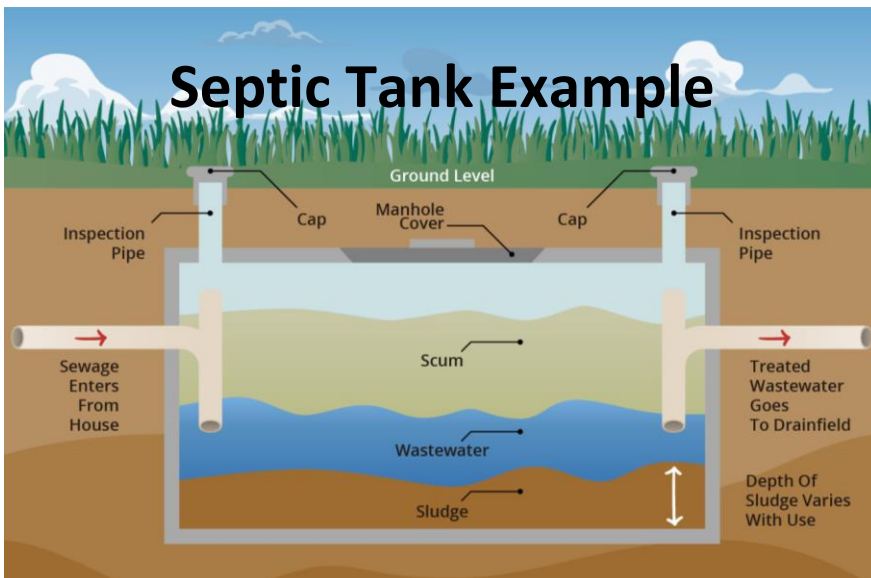

Contractors on this list have:

- 1) Successfully installed an average of at least two approved systems in Chautauqua County in each of the last two years. An installation is considered successful if the system was approved at the final inspection, without the need for a correction and/or an additional inspection.
- 2) Reviewed, signed, and adhered to the Contractor Guidance for Design and Installation set forth by CCHD.
