

The **Chautauqua County Department of Health and Human Services (CCDHHS)** implements New York State Sanitary Code Appendix 75-A for new and corrected onsite wastewater treatment systems / septic systems installed in Chautauqua County. Permits are required for new systems and system corrections. Any contractor or homeowner may seek a permit. Applications are online at <https://chggov.com/environmental-health/private-sewage>. Call 716-753-4481 to request a mailed application.

CONTRACTORS FOR ONSITE WASTEWATER TREATMENT SYSTEMS / SEPTIC SYSTEMS

Property owners should contact multiple contractors and compare estimates for onsite wastewater treatment system corrections / designs.

JENKIN'S PLUMBING & EXCAVATION Terry Jenkins, Jr. Ashville, NY 716-782-2225	SAFFORD SERVICES Ripley, NY 716-499-7402	

These contractors have:

1. Successfully installed an average of at least two approved systems in Chautauqua County in each of the last three years. An installation is considered successful if the system was approved at the final inspection, without the need for a correction and/or an additional inspection.
2. Reviewed and signed off on the Contractor Guidance for Septic Design and Installation set forth by CCDHHS.

SEPTIC TANK EXAMPLE

KEEP THESE OUT OF YOUR SYSTEM!

“CLOGGERS”

diapers, cat litter, cigarette filters, coffee grounds, feminine hygiene products, baby wipes, grease, food waste, etc.

“KILLERS”

household chemicals, gasoline, oil, pesticides, antifreeze, paint, excessive bleach, etc.

WATER SOFTENER DISCHARGE, SUMP PUMP DISCHARGE, and surface water from roofs/gutters should be excluded from the system.
